## SUMMARY

Final-year Computer Science Engineering student with a strong foundation in **software development**, **database systems**, and **object-oriented concepts**. Experienced in developing web-based applications and working with modern development tools and technologies. Passionate about **problem solving**, **continuous learning**, and building **efficient** and **scalable software** solutions.

## EDUCATION

**B.E. Computer Science and Engineering** — **Expected April 2026**

*University College of Engineering (BIT Campus), Anna University - Tiruchirapalli* — *CGPA/Score: 80%*

**HSC** (*Akshaya Academy MHSS, Kosavapatti, Oddanchatram)* — *Percentage: 92%*

**SSLC**(*Akshaya Academy MHSS, Kosavapatti, Oddanchatram)* — *Percentage: 98.4%*

## SKILLS

### Technical Skills :

- **Programming Languages** : Java, C, JavaScript, Python (Basics)
- **Web Development** : HTML,CSS,JavaScript,SQL
- **Databases & Concepts** : DBMS,SQL (Basic)
- **Tools & Others** : Git,Eclipse,VS Code,Excel,PowerBI

### Logical Skills

- Strong analytical thinking and debugging ability
- Experience solving programming challenges involving data structures

## EXPERIENCE

**Web Developer Intern** — **July 1 - July 31**

***InnovateIt Labs***

- Developed and deployed the *Task Tracker* application, utilizing Node.js for the backend and front-end scripting using Netlify and render(https://task-track3r.netlify.app/).
- Completed several foundational projects including a Calculator, Rock-Paper-Scissors game, and a Portfolio page to enhance core web development expertise(https://manikandan3004.github.io/porttfolio/).

## PROJECTS

**Payroll Management System:** — ***Tech**:Html,Css,JS,Sql,Node.js*

- Developed a full-stack payroll management application following SDLC stages.
- Implemented employee management, attendance tracking, payroll processing, and leave management.
- Designed optimized database schema using normalization techniques.

**Task Tracker Application** — ***Tech**: Html,Css,JS,Sql,Node.js*

- Designed and implemented a **web-based task tracking system** to help users manage and organize daily tasks efficiently.
- Built a **simple and responsive interface** for creating, viewing, and updating tasks in an organized manner.

## ACHIEVEMENTS & ACTIVITIES

Successfully earned the **NCC 'C' Certificate**.
Demonstrated **strong discipline** and **leadership skills** through NCC training and activities.
Showcased commitment to **teamwork** and **structured environments**.
